

Online Dubai Visa for Indians

Initially and foremost, an Indian visitor to Dubai must first apply for a visa to Dubai online from India. Passengers on Emirates Airlines can apply for a UAE visa using the DVPC smartphone app in only five minutes. For an Indian visiting the UAE for tourism, such as a vacation or even to see family in Dubai, a Dubai tourist visa is the best option. But first, you must choose whether you want a visa that will last 48 or 96 hours or something longer like a 30-day or 90-day visa. There are also 30- and 90-day multiple-entry visas available.

Indian passport holders can apply online for a [edubai visa](https://edubaivisa.com), and if their application is approved, they will receive an email with a copy of their e-visa. Process for obtaining a Dubai visa for an Indian is not too complicated.
